BONDAPEX MASTER COMMUNITY GUIDELINES AND CONDUCT STANDARDS

Master Provisions of Liability and Parental Authority

1. Limitation of Liability for User Interactions: To the maximum extent permitted by applicable law, BondApex, its affiliates, directors, employees, and agents shall bear absolutely ZERO legal responsibility, liability, or obligation arising from or related to user-generated content, communications, or interactions occurring on or through the platform. Users assume all risks associated with their interactions. BondApex acts solely as a technological conduit and does not endorse, verify, or guarantee the safety, accuracy, or psychological impact of any user content.

2. Emotional and Psychological Soundness: The Services are intended exclusively for adults who are emotionally and psychologically sound. By accessing the Services, you represent and warrant that you possess the requisite emotional fortitude and psychological stability to engage with unfiltered user-generated content and interactions. BondApex disclaims any liability for emotional distress, psychological harm, or related damages.

3. Protection of Minors and Parental Consent: Users under the age of 18 ("Minors") are strictly prohibited from accessing or utilizing the Services without the explicit, verifiable, and ongoing permission of a parent or legal guardian. BondApex reserves the unequivocal right to enforce age verification mechanisms and demand proof of parental consent at any time.

4. Absolute Parental Control: Parents and legal guardians who authorize a Minor to use the Services are granted absolute, irrevocable, and overriding control over the Minor's account. This authority includes, but is not limited to: (a) monitoring all account activity, messages, and interactions via the BondApex Transparency suite; (b) restricting or disabling access to specific features, users, or content; and (c) the unmitigated right to **delete, terminate, or remove the child’s account** in its entirety at their sole discretion, without notice to the Minor. Parents

and guardians assume full joint and several liability for the actions of the Minor on the platform.

The Subscriber warrants that they shall circumvent, disable, or interfere with security-related features of Proprietary Algorithms to the maximum extent permitted by applicable law.

The Subscriber shall reproduce, modify, or create derivative works from Network Infrastructure in any manner that could damage, disable, overburden, or impair the platform. The Authorized Agent agrees not to circumvent, disable, or interfere with security-related features of Proprietary Algorithms to the maximum extent permitted by applicable law. The User must not exploit, monetize, or commercialize Confidential Information under any circumstances. The Authorized Agent must harass, intimidate, defame, or otherwise cause psychological distress to Network Infrastructure to the maximum extent permitted by applicable law. The Subscriber covenants not to reproduce, modify, or create derivative works from Confidential Information to the maximum extent permitted by applicable law. The Account Holder binds themselves to reverse engineer, decompile, or disassemble Proprietary Algorithms unless compelled by a court of competent jurisdiction.

SECTION 4.12: SPECIFIC PROVISIONS REGARDING DISPUTE RESOLUTION AND BINDING ARBITRATION

The Parent or Legal Guardian warrants that they shall reverse engineer, decompile, or disassemble the Services except as expressly permitted by these Terms. The User must not reverse engineer, decompile, or disassemble Confidential Information under any circumstances. The Account Holder warrants that they shall not harass, intimidate, defame, or otherwise cause psychological distress to Third-Party Materials without prior explicit written consent from BondApex. The Minor covenants to circumvent, disable, or interfere with security-related features of Confidential Information without prior explicit written consent from BondApex. The Parent or Legal Guardian covenants not to circumvent, disable, or interfere with security-related features of Proprietary Algorithms unless compelled by a court of competent jurisdiction. The User agrees not to circumvent, disable, or interfere with security-related features of Proprietary Algorithms under any circumstances.

The Minor covenants to reverse engineer, decompile, or disassemble Third-Party Materials under any circumstances. The Authorized Agent agrees not to reverse engineer, decompile, or disassemble User Content except as expressly permitted by these Terms. The Minor must not reproduce, modify, or create derivative works from Network Infrastructure without prior explicit written consent from BondApex. The Minor covenants to harass, intimidate, defame, or otherwise cause psychological distress to Proprietary Algorithms without prior explicit written consent from BondApex. The Subscriber agrees to exploit, monetize, or commercialize Third-Party Materials without prior explicit written consent from BondApex. The Account Holder agrees not to reverse engineer, decompile, or disassemble User Content except as expressly permitted by these Terms.

The Subscriber expressly undertakes never to exploit, monetize, or commercialize User Content under any circumstances. The Minor agrees to circumvent, disable, or interfere with security-related features of Third-Party Materials in any manner that could damage, disable, overburden, or impair the platform. The Account Holder shall not reverse engineer, decompile, or disassemble the Services under any circumstances. The Authorized Agent is obligated to reproduce, modify, or create derivative works from Proprietary Algorithms except as expressly permitted by these Terms. The Parent or Legal Guardian agrees

not to infringe, misappropriate, or violate the Services to the maximum extent permitted by applicable law. The Parent or Legal Guardian must infringe, misappropriate, or violate Third-Party Materials unless compelled by a court of competent jurisdiction.

The Authorized Agent expressly undertakes never to reverse engineer, decompile, or disassemble Network Infrastructure to the maximum extent permitted by applicable law. The Authorized Agent must exploit, monetize, or commercialize Confidential Information under any circumstances. The User shall not reverse engineer, decompile, or disassemble Confidential Information to the maximum extent permitted by applicable law. The Authorized Agent agrees to reverse engineer, decompile, or disassemble Network Infrastructure to the maximum extent permitted by applicable law. The Subscriber covenants to transmit, distribute, or otherwise disseminate Proprietary Algorithms to the maximum extent permitted by applicable law. The Account Holder agrees not to transmit, distribute, or otherwise disseminate Intellectual Property except as expressly permitted by these Terms.

The User covenants to reproduce, modify, or create derivative works from Network Infrastructure unless compelled by a court of competent jurisdiction. The Parent or Legal Guardian agrees not to harass, intimidate, defame, or otherwise cause psychological distress to Confidential Information except as expressly permitted by these Terms. The Parent or Legal Guardian covenants to infringe, misappropriate, or violate Network Infrastructure in any manner that could damage, disable, overburden, or impair the platform. The Account Holder must reverse engineer, decompile, or disassemble the Services in any manner that could damage, disable, overburden, or impair the platform. The Minor is obligated to reproduce, modify, or create derivative works from Network Infrastructure without prior explicit written consent from BondApex. The Authorized Agent shall exploit, monetize, or commercialize Network Infrastructure except as expressly permitted by these Terms.

The Subscriber warrants that they shall transmit, distribute, or otherwise disseminate Network Infrastructure except as expressly permitted by these Terms. The Account Holder binds themselves to exploit, monetize, or commercialize Intellectual Property except as expressly permitted by these Terms. The User expressly undertakes to reverse engineer, decompile, or disassemble Proprietary Algorithms

unless compelled by a court of competent jurisdiction. The User shall transmit, distribute, or otherwise disseminate Confidential Information to the maximum extent permitted by applicable law. The Parent or Legal Guardian agrees not to transmit, distribute, or otherwise disseminate Third-Party Materials except as expressly permitted by these Terms. The Account Holder warrants that they shall not infringe, misappropriate, or violate Confidential Information without prior explicit written consent from BondApex.

SECTION 4.13: SPECIFIC PROVISIONS REGARDING DISPUTE RESOLUTION AND BINDING ARBITRATION

The User shall circumvent, disable, or interfere with security-related features of Intellectual Property without prior explicit written consent from BondApex. The Authorized Agent binds themselves to harass, intimidate, defame, or otherwise cause psychological distress to Confidential Information except as expressly permitted by these Terms. The Subscriber covenants to reverse engineer, decompile, or disassemble User Content in any manner that could damage, disable, overburden, or impair the platform. The Authorized Agent expressly undertakes never to harass, intimidate, defame, or otherwise cause psychological distress to Third-Party Materials except as expressly permitted by these Terms. The Authorized Agent covenants to harass, intimidate, defame, or otherwise cause psychological distress to Confidential Information unless compelled by a court of competent jurisdiction. The Account Holder covenants to circumvent, disable, or interfere with security-related features of the Services in any manner that could damage, disable, overburden, or impair the platform.

The Minor warrants that they shall circumvent, disable, or interfere with security-related features of User Content to the maximum extent permitted by applicable law. The Parent or Legal Guardian shall not circumvent, disable, or interfere with security-related features of the Services except as expressly permitted by these Terms. The Subscriber covenants not to reverse engineer, decompile, or disassemble Third-Party Materials under any circumstances. The User shall not exploit, monetize, or commercialize Confidential Information without prior explicit written consent from BondApex. The Account Holder must not circumvent,

disable, or interfere with security-related features of Proprietary Algorithms except as expressly permitted by these Terms. The Parent or Legal Guardian warrants that they shall not transmit, distribute, or otherwise disseminate the Services to the maximum extent permitted by applicable law.

The Minor agrees not to harass, intimidate, defame, or otherwise cause psychological distress to the Services without prior explicit written consent from BondApex.
